UT Arlington Libraries Innovation Mini-grant

Mini-Grant Online Application
Application Guidelines and Requirements:
• Mini-Grants applications must include all resources and funds necessary for successful completion of the project.
• Staff can apply for multiple mini-grants; however, only one project will be funded during each cycle.
• All work involved in the mini-grant project must be able to be completed by the individual/team without requiring additional organizational support. These projects should be designed to be pilot or proof of concept activities, with no need for organizational intervention.
• Complete the proposal form and submit it by the due date.

Primary Applicant Full Name
Test 2

Primary Applicant Email Address
scalf@uta.edu

Additional Applicant Names
Maverick and Goose
Description of proposed project (200 words or fewer)

I want to create a Maverick Dash app to use for an interactive scavenger hunt for students to become more familiar with the campus and the Libraries during Welcome Week. It will incorporate elements/locations that we have used in the past along with other locations or sites across campus, along with an interactive component like selfies at sites or #hashtagyourdash elements.

Describe the proposal benefits (Why should we do this? Whom will it benefit?)

It will benefit our students as we introduce them to the Libraries facilities and services as well as orient them to significant or interesting sites on campus.

How will you know that your project is a success?

Students will participate in the activity long after Welcome Week.

Dollar amount requested (Max $1000)

$500

Provide itemized budget (Round to the nearest dollar for proposal, exact expenses for final report)

$450 for 30 hours of student programming
$50 for incentives to attract students

Which Libraries Imperative does this activity relate to?

- Resonance
Academic and professional success
Creation & design
Collaboration & community building
