

DALLAS SOCIETY FOR CRIPPLED CHILDREN

Cerebral Palsy Treatment Center

2312 Oak Lawn Avenue, Dallas, Texas 75219

January 7, 1966

Dear Board Member:

This letter is really sent to you in place of the usual post card notice of our next Board meeting. The January meeting of the Board of Directors of the Dallas Society for Crippled Children will be held on Wednesday the 26th at 4:00 P.M. at the Treatment Center.

HOWEVER, we propose to do something different at this meeting. You are requested to invite two persons as your guests. I would suggest that you invite people who may be prospective Board members in the future, or perhaps individuals who have donated as much as sponsorship amounts in the last year or two. In other words, special friends of the Dallas Society, for whatever reason, should be included in your guest list for this important meeting.

Because we are planning one or two things out of the ordinary, I request that you report the names of your guests to Mrs. Virginia Quillin at the Easter Seal office (LA1-0423) on or before Friday, January 21st. We will need to prepare name tags, add a little more water to the coffee, etc.

Thank you,

Ed Drake

Edward J. Drake
President
