

## LOWERED FLOOR MINIVANS

### Minivans

## IMS MINIVANS

*Go where you want to go with the new*

### *Rampvans from IMS.*

Converted from Ford or Chrysler Minivans. The Rampvan is equipped with the most sophisticated and reliable conversion package in the industry. See your **AMS** representative for more details. **AMS** always keeps a wide variety of models on order or in stock available for quick delivery.

## RICON ACTIVANS

Ricon Activans are converted from Chevrolet Venture and Pontiac Montana, as well as Ford and Chrysler minivans.

Both **IMS** and **RICON** Minivans have been crash tested and meet rigorous safety requirements. Both conversions comply with all U.S. Federal Motor Vehicle Safety Standards.

## WHEELCHAIR LIFTS

Wheelchair lifts, power door openers, remote entry systems, electrical and manual wheelchair tie-down systems are available in different models and are used to accommodate full size vans minivans, pick up trucks, cars and buses.

## SCOOTER LIFTS

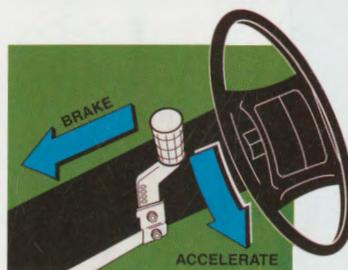

A scooter lift loads your scooter into a vehicle trunk, van, hatchback, or pick up truck bed. Available with fully or semi automatic features. **AMS** represents reliable manufacturers such as **BRUNO** and **SILVER STAR LIFTS**.

## DRIVING AIDS AND HAND CONTROLS

There are many types of assistive driving devices available today. Simple mechanical hand controls are available for individuals with good upper body strength and dexterity. For individuals with less strength, we offer driving aids that require minimum effort for steering, gas, brake and all secondary controls.

Many proven products are available from **AMS** including **MPS**, **EMC**, **Drive Master** and many more.

## OTHER MODIFICATIONS

**AMS** has our own fabrication department where we do our own custom lowered floors, raised roofs and door extensions. We custom build vehicles to comply with ADA requirements.

## BEFORE YOU BUY

Choosing the right mobility equipment for your vehicle is easier with help from the experts at **AMS**. Our representatives will help you identify your mobility needs with input from your doctor and/or evaluator. We offer solutions to best meet your personal situation. Demonstrations are available, as well as feedback from a group of satisfied clients.

Special options will be discussed and the best package will be put together for you.

Our service technicians are well-trained experts who are certified by the major manufacturers we represent.

Replacement parts and repairs are available for your future needs.

Here's what you will find at **Advanced Mobility Systems**:
