Dear Coach Hayes:

I want to write and thank you and the University of Texas at Arlington "Movin Mav's" for the autographed basketball you presented me yesterday on the Senate floor.

I have already chosen a place for it in my office and it will serve as a constant reminder of a group of young men who constantly prove that a person can do anything they want to do if they put their heart and soul into it. These young gentlemen are truly the future of this state and nation.

Again, thank you and more than that, thank your team for representing everything that is good about Texas.

Sincerely,

BOB BULLOCK
Lieutenant Governor
