Re: Wheelchair basketball demonstration

Dear Jim:

On behalf of First Baptist Church of Richardson, the Shoot 'N' Hoops steering committee, and the many spectators who enjoyed their demonstration, I wanted to express my appreciation for the team's exhibition on Saturday. As you probably know, a 3-on-3 tournament typically is spread over a number of courts; ours was no exception, with 25 courts that stretched from one end of our parking lot to the other. There were very few events that gathered a crowd together at a single location. The wheelchair basketball demonstration on our center court did just that. For many of us it was the highlight of the day.

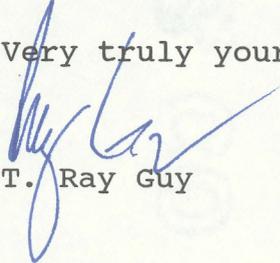

T.K. was a great spokesman for the team, and Enoch, Cesar, and the others put on a great show. They even stayed around for an hour afterwards, continuing to play and talking to spectators. I know that Arlington is a long way from Richardson, and that they had other ways to spend a beautiful spring Saturday afternoon. We are especially grateful that they spent April 19 with us.

We'll have the tournament again next spring, and we would really like to have a wheelchair bracket. T.K. and Enoch told us that they know of a number of other wheelchair players and teams in this area. We will contact you early in the year to get names of people to contact; I hope to see the guys back next year as competitors. In the meantime, please pass along our

thanks, and our best wishes for another national  
championship.

Very truly yours,

T. Ray Guy
