Dear Mr. Dilley:

I was delighted to read in the Herald of your election as Secretary of the Iron Workers' Union and extend heartiest congratulations and best wishes for a successful administration.

I have in my possession the picture and article which appeared in the January 16, 1958, issue of the Dallas Times Herald, and am forwarding it to the Center that the picture and the story maybe placed on the bulletin board so that everyone connected with the Center, as well as the parents, will have an opportunity to look at the picture and also read the article.

Sincerely yours,

R. L. Thomas, President
