Dear Board Member:

At the regular quarterly Board meeting of the Dallas Society for Crippled Children, held at the Center Wednesday, January 27th, a plan was adopted to solicit individuals and business firms on the basis of sponsoring a child for a year. Board members were urged to become the major part of the soliciting group to secure these sponsorships on the basis of \$401.00 to cover the cost of treatment.

It is very important to bear in mind the figure of \$401.00 in your solicitation efforts, so that a degree of uniformity will be reached in contacting the prospective sponsors.

Thank you,

Travis T. Wallace
