

Cerebral Palsy Treatment Center  
DALLAS SOCIETY FOR CRIPPLED CHILDREN  
2312 OAK LAWN AVENUE, DALLAS, TEXAS

February 15, 1960

Notice to Directors:

The Nominating Committee will shortly meet and consider the matter of election of Directors to replace those whose terms will be complete this June.

We want your suggestions as to anyone whom you consider suitable for election to the Board.

Your primary consideration should be a man or woman who will accept the responsibility, who has a genuine interest in our work, and who will help with their time and talents when called upon. We have always had a good Board, they have been selected carefully.

It has been our experience, in the case of our Directors and their value to the Society, that prominence is a secondary matter, and genuine interest and willingness to be faithful is primary.

Rodney D. Hargrave
