

Cerebral Palsy Treatment Center
DALLAS SOCIETY FOR CRIPPLED CHILDREN
2312 OAK LAWN AVENUE, DALLAS 19, TEXAS

June 9, 1960

Mr. L. E. Dilley
1727 Young Street
Dallas, Texas

Dear Mr. Dilley:

It is difficult to express adequately the deep appreciation of the Board of Directors, the staff and the children -- especially the children -- at the Dallas Society for Crippled Children for the generous donation by the Dallas Building and Construction Trades Council to the Cerebral Palsy Treatment Center.

Complete treatment for a child for a year can be given through this gift, treatment necessary to help him attempt to overcome his devastating handicap of useless and disobedient muscles. Those afflicted with cerebral palsy have a long uphill climb, and you and others like you and your associates make it possible for them to reach a more normal life.

Again, thank you -- a thank you given with real gratitude.

Sincerely,

Mary B. Aldredge

Mrs. Sawnie Aldredge
President
