Dear Mr. Dilley:

In working with the Easter Seal Campaign returns, I note that to date we have had no response to our letters to Labor Unions.

We are wondering if you would or could give us any help in that direction.

To date the campaign is not producing as it should.

Sincerely yours,

Katie Friday

Mrs. Katie Friday, Easter Seal Chairman,
Dallas Society for Crippled Children,
2312 Oak Lawn Avenue,
Dallas 19, Texas.

Dear Mrs. Friday;

There is not another group of people in Dallas with a **greater** interest in the Crippled Children's Center, than the Dallas Building Trades Council. We furnished free labor to build the original building, and the first annex. The Unions affiliated with the Council have did some maintenance work on the Center, Free.

Nearly all affiliated Building Trades Unions have donated cash money to the Clinic for the past several years. Last year, the Building Trades Council sponsored the treatment of one child.

We are very proud of being able to do these things for the Society for Crippled Children.

This year, I am very sorry to report that because on the slump in building work in this vicinity, we are not able to help out. We will do all we possibly can, after our finances improve.

I assure you that it is with regret that I write you this letter. This is better than making promises that we can not fulfill.

Respectfully Yours,

L.E. Dilley.
Secretary.
