Dearest Janet:

I received your gift and Braille letter

Yesterday they were both appreciated very  
much and I think it is wonderful that  
you have learned Braille  
in Braille but I have heard it is possible to get  
slate and paper. As you know I am  
receiving treatment from a Dallas weather type  
I think he is helping me. We are having  
rainy and cool I certainly wish the sun  
would shine occasionally I could get out and  
acquire a little tan.

The picnic you wrote about  
and I wish I could  
really sounded good  
have been there with you.

let me hear from you often and

and I hope it won't be so

long until I see you again.

Love

John

Dear Janet:

I received your gift and Braille letter yesterday. They were both appreciated very much and I think it is wonderful that you have learned Braille. I would write you in Braille, but I have been unable to get slate and paper. As you know I am receiving treatments from a Dallas doctor. I think he is helping me.

We are having unusual weather for [illegible word] rainy and cool. I certainly with the sun would shine occasionally. I could get out and acquire a little tan.

The picnic you wrote about really sounded good and I wish I could have been there.

Let me hear from you often and I hope it won't be so long until I see you again.

Love
