DO 13% CUTS MAKE YOU ANGRY?

HOW DO 50% CUTS STRIKE YOU?

While Texas continues to expand and improve its highway systems, which are among the best in the country, the meager support afforded Texas' elderly, disabled and poor citizens is slated for drastic reductions.

In an emergency meeting of the House Appropriations Committee State Budget officials testified that if revenues are not raised, if the state's dedicated funds are not touched and the state does not use funds needed by the Department of Corrections and the Department of Mental Health and Mental Retardation (in order to comply with court orders to improve services) then "other programs", primarily human services will have to be cut fifty (50%) percent.

Admitting concerns about being reelected and claiming they have not heard otherwise from constituents, legislators are taking a hard line approach and so far refusing to raise the revenues. Human Service supports in both the House and Senate have said people must let their legislators know they are willing to support tax increases to pay for human services. They must hear this message if the possible disaster is to be avoided. Thirteen percent cuts sounded bad when Mark White's executive order was given but this may only be the beginning. Governor White has called a special session beginning August 6th to find a solution to the budget deficits.

POINTERS FOR COMMUNICATION

- * Knowing the facts about an issue that concerns you. Be firm. Be brief. Present your view-point.
- * Contact your elected officials by letter, telephone or personal visit. Don't forget thank-you letters!
- * Personalize your letters. Be direct. Be civil. Focus on one issue and have the facts.
- * Write letters to the editor. A short, well-written letter to the editor of a local newspaper gets your point across to members of Congress and to other citizens. Letters to the editor get lots of attention because legislators always keep tabs on news from the people back home.
- * Invite your elected officials to tour your organization's office, and/or to an event, rally, or dinner party given on behalf of your organization.
- * Invite your legislator to a tour of your city, emphasizing access from the point of view of your organization.
- * Send written testimonies of personal experiences so that your elected official will be familiar with your organization and its problems.
- * Take every opportunity to appear at public hearings concerning your issue.
- * Don't become a one man show! Take along a novice when visiting your legislator. The more people you can get involved, the better the chances your issue has of successfully becoming law.
- * Even if you have successfully passed legislation, be aware of its implementation. Many laws, though on the books, may not be implemented.
