PART I SCHOLARSHIP

Pupil

This is a report of the progress your child has made in school subjects. The marks used are the letters A, B, C, D, and F, which appear at the top of the columns. The number of pupils receiving each mark shows opposite the name of subject. The number in one column has a circle drawn around it, which indicates the group for your child. The graph indicates the progress of your child as compared with the progress of the other members of his classes.

Part II Citizenship

This is a report of a number of habits and traits which we think necessary to good citizenship, and which we are attempting to strengthen through our school program. We believe that citizenship can best be developed by participation in citizenship activities. In the school as well as in the home the child is not only preparing for citizenship later, but he is practicing as a citizen now. In marking the pupil on these traits, we are giving you our opinion of his outstanding qualities, those in which he is strongest as well as those in which he needs most help from the home and the school. We invite your hearty co-operation in aiding your child in this development.

Explanation of Marks:

X-Trait well developed.

Y-Improvement being shown.
